

Deepak Singh Kushwaha

Aspiring Data Scientist with a strong foundation in computer science, skilled in building efficient, data-driven solutions. Experienced in developing web-based platforms and managing data applications. Adept at problem-solving, collaborative work, and delivering high-quality code. Seeking a role to apply technical expertise and drive impactful projects.

INTERNSHIPS

AI Evaluation Specialist, Outlier

Dec 2023 – Current

AI freelancer specializing in model evaluation, prompt engineering, and AI research support.

- Improved AI model accuracy through prompt optimization and performance evaluation.
- Enhanced evaluation guidelines that streamlined processes.
- Enhanced research efficiency through collaborative AI project support.

AI & Prompt Engineering, VaultsofCodes

Sep 2024 – Nov 2024

AI & Prompt Engineering intern specializing in NLP, optimization, and prompt design.

- Designed prompts that amplified NLP model precision.
- AI Model Optimization
- Reduced model training time through optimization techniques.

Email Deliverability Support Trainee, ITACWT Limited

May 2024 – June 2024

Experience with **Systeme.io** for online marketing and sales automation.

- Resolving email deliverability issues within deadlines.
- Increased campaign open rates by **18%** and click-through rates by **12%**.
- Client support & Enhanced email deliverability.

Operations Manager, Nayepankh Foundation

April 2023 - May 2023

- Recruited and managed **20+** interns for social campaigns.
- Secured funding from **10+ new donors**, expanding donor base.
- Doing social service and helping people

PROJECT UNDERTAKEN

- Lungs Cancer Prediction Model** December 2024 – February 2025
Built a multi-task deep learning model in Python to predict lung cancer presence, stage, and risk score, achieving 95% accuracy and 12% lower RMSE with cross-validation and Matplotlib visualizations. Technologies Used: **Python, NumPy, Seaborn.**
- Breast Cancer Prediction Model** October 2024 – September 2024
Developed a breast cancer prediction model using Logistic Regression with data preprocessing, visualization, and evaluation to classify diagnosis effectively. Technologies Used: **Python, NumPy, Seaborn.**
- Loan Repayment Prediction Model** June 2024 – July 2024
Built a loan repayment prediction system using Ensemble Learning methods with data preprocessing, feature engineering, and performance evaluation. Technologies Used: **Python, NumPy, Seaborn.**
- Car Resale and Service Website** November 2023 – May 2024
Designed a comprehensive platform enabling car owners to manage maintenance, streamline buying and selling processes, and simplify vehicle ownership.
- Grocery Management System Website** October 2022 – December 2023
- Hotel Management using Python and MySQL** December 2019 – March 2020

CERTIFICATES/ WORKSHOP

- Fundamentals of Data Science** by Internshala Trainings June 2023
- Python Programming**, Techup Technologies January 2022
- Google Ads Display** by Google Digital Garage December 2020
- Fundamentals of Digital Marketing** by Google Digital Garage December 2020
- Web Designing & Web Development**, Araya Technologies May 2022

CONTACT

- Ph. No.: +91 8269513294
- Email: deepaksinghrx@gmail.com
- GitHub: github.com/deepaksinghrx
- LinkedIn: linkedin.com/in/deepaksinghrx

SKILLS

Technical Skills:

- Python (NumPy, Pandas, Matplotlib, Scikit-learn, Seaborn)
- Exposure to Docker, Vertex AI
- Git, GitHub
- Excel, Power BI, MySQL
- C++ and Java
- HTML, CSS, PHP, Java Script

Soft Skills:

- Creativity
- Flexibility
- Teamwork
- Analytics Thinking
- Effective Communication
- Adaptability to new Tools/Tech.

EDUCATION

- Masters in Computer Application**
Galgotias University (2026)
Expected Obt. % : 85+
- Bachelor in Computer Application**
SMS Varanasi (2024)
Obt. % : 88
- Intermediate**
CBSE Board (2020)
Obt. % : 70

ACHIEVEMENTS

- IIT Bombay, Spoken Tutorial Project**
 - C Test: **Score 87.5%**
 - JAVA Test: **Score 75%**
 - PHP and MySQL: **Score 61.11%**
- District Level Basketball Player**
- EF SET: B2**
